Greetings Sir,

As per your request, I have for your review 3 Nurseries in the Homestead, FL area that can obtain 200 coconut palms for you. Below I have outlined estimated costs, based on notes from the nurseries, our present Tropical Shipping contracted rates, our present trucking, broker and excise fees, and 5 containers per shipment:

Botanics Wholesale:

Sourced 12 to 15 foot clear trunk coconut palms. They are priced at \$60 each. The photos attached show some palms that are larger than the 12-15 CT, but they wanted to show you the nice quality.

Palms: =C2 200 @ \$600.00 = \$120,000
Container each 12 palms = 17 @ \$5,51 = \$ 93,806
Phyto certificates: 3 shipments =A0 @ \$ 60 = \$ 180
Tarps (open top containers) = 17 @ \$ 280 = \$ =A04,760
Excise fees =C2 = 17 @ \$ 10 = \$ 1,700

Botanics Wholesale Estimated Costs: \$229,251.00

Plantation Exporters:
Quoted 200 coconut palms - 10 feet of grey wood, 12 feet clear trunk, 28 feet overall height for \$825 per palm. This is a bulk order price - they normally sell these palms for \$975 per palm. The price is only good until 12/18, and they would require a 50% deposit, with the remaining balance due 14 days before the shipment leaves.

Palms: =C2 =A0 200 @ \$825.00 = \$165,000
Container each 14-17 palms = 15 @ \$5,518 = \$ 82,770
Phyto certificates: 3 shipments @ \$ 75 = \$ =A0 225
Tarps (open top containers) = 5 @ \$ 300 = \$ 4,500
