r i know we had this at one time, it had red leather dr=wers. with pull outs. ? do either of you know wher= it is if we still have it

Now, this is where it gets interesting. Sotheb=’s catalogue illustrates a cartonnier (illustrated below) which th= described as “later” that came with the desk. Does Mr. Epstein have the c=rtonnier? It’s obviously hard to say from this black and white pho=o, but stylistically, the cartonnier could be from the 1760’s. If =o, it was likely made at the same time the lion’s masks were put on the sides and would make the desk significantly=more valuable.
