Jeffrey, I spoke with few bridge players, I might have an answer by Sunday whether or not there is a charity that will accept the donation.

One of the reasons why I like live bridge is some old bridge players (old for me is 90-100 y.o) remaining me that one day I will be old too. I appreciate that I'm still young, healthy, energetic and ambitious. I believe that I can become financially successful and have the live that I want without constantly depending on someone.

I'm very grateful to you for taking your time and creating the opportunity that will allow me to be more productive, reduce stress and financial struggle. Because you are understanding what I'm going through and you are empowering me - that makes a big difference in my life.
