Je=frey,

Wi=h regard to amplification, Class "A" and Class =#8220;B" amplifiers are not applicable to car =udio.

Th= "Class A/B" are normally the "entry level" =mplifiers for car audio and are not efficient.

Th= "Class D" are the high end amplifiers in car audio and are =ore efficient.

As=available aircraft power was taken into consideration, the amplifiers =elected were the best option.
