Je=frey,

I=m working diligently on both these items, working with the manufacturer =Goodrich) on the TV, our engineer on the audio as well as two =anufacturers of air gasper.

Ad=itionally, I have discussed the gasper issue with our metal plater and =f we end up getting new gaspers, he will metal plate them at no =harge.

I =ave a conference call with Goodrich's engineer tomorrow morning =o understand this particular monitor as I want to determine if we have = bad monitor (this happens in aviation) or =therwise.

La=tly, I have emailed with Larry and will identify what day next week is =est for both Dan and I to make changes to the audio system next week at =eterboro.

La=tly, we will replace the water saver cartridge in the aft lavatory =aucet next week during our visit.

I =m heading into Manhatan shortly, so if you need to speak with me, I =ill be on my cell [REDACTED].
