ZR IT- There are two proposals to move forward=toward a permanent solution for infrastructure. ISP with Huges NET was put into motion this week for install after Thanksgiving.

&n=sp;

Proposal 1: Robust/ Terrence Rabsatt- RK has just =eceived cost comparison from Jermaine regarding Terrence's pricing in his =atest proposal received for both LSJ and Zorro to present to you. If you a=prove Terrence can order equipment to begin and install can be scheduled a=ter you leave ZR for holiday visit. Terrence needs two to three weeks to r=ceive requisite equipment he has to order to begin install. =BR> I have attached Jermaine's comparison for your review =3Band Terrence's latest proposal for LSJ and ZR. There is only \$3=2C500.00 difference in Jermaine's findings for ZR. Note Jerm=ine costed out the best he could via another vendor Terrence is not using and had to contend with combined kit eq=ipment pricing as well.

Option 2: Advanced Comm=nications/ Richard Boltz- This has been presented to you; however=2C it was sent to Terrence per your request for comparison and is on hold =s an option- does not include 8 T1's as Terrence's proposal does.
