Je=frey,

Attached is a 3 page drawing of the proposed conference table. The table would have wood veneer on all exposed surfaces. The banding would be a 1.5" "Queens / Coney Island" style banding around the perimeter.

Three (3) 1.0" scoops will be formed into the underside of the forward foldable leafs (exposed when leaf is folded on top of the main table) for pens, glasses, etc.

Please review so that we can get started on this table.

Th=nk you.

Er=c
