Subject: G4 Quote with FOUR (4) Internet Options

Hello Larry,

Here is the proposal with four (4) options for Internet access. Please keep in mind the following:

- \* ALL four cover the area from NY, WPB and the Caribbean
- \* First two options are fixed price
- \* Options 3 and 4 are estimated pricing due to possible price increases for 2013, expiration of Sales Bulletins, etc; but I do believe they are within 5-7%
- \* LOOK at Page 8 as it Summarizes all four options with Price Versus Data Speed. This page should help the boss understand that the faster the speed the more the cost of equipment and installation
- \*

We can perform all four options here at Banyan.

Let me know if you have any questions. These options should be applicable to ANY G4 you purchase.

Thanks

Brian
