Jeffery,

Happy Birthday !

GII update:

-cleaned pilot / static system and ops checked.

-exchanged the Stab Augmentation computer, per Gulfstreams advise.

-I would prefer to fly the GII back to NY when you decided to depart for tes= flight.

General Dynamics was to busy to trouble shoot the autopilot issue but provid=d technical assistance on the GII, I did located GAMA Aviation at PBI airpo=t with good avionics and GII knowledge to accomplish trouble shooting.

thank you,

Larry
