Ok look at the picture of the library path and it is obvious that it is not flat. Manicured etc I know it is cannot be level but it can and was flat. It is obvious I said it in the call, they took out the path and left a mess the hydroseed on top

Sorry for all the typos. Sent from my iPhone

> I see the staff there trying to explain a lot of how they will execute things that you necessarily don't need to know. In saying that, we might have to alter some things if a legitimate concern comes up that we have discussed and that we have come up with an alternative that satisfies you. You are many ways to skin a cat!!
