Hello Magus,

Woody Allen should be a very interesting person to have a dinner with, but=do you really enjoy his films?

The menstruation cycle is in its beginning, so may be it is a good period t= communicate.

I got rid of my lover to have more time for me (btw it had nothing to do wi=h the mondanity but with the drama, you remember, the russian thing). Read=ng Kafka now, it is so funny and so actual, enjoying it so much.

After our two interviews, I continue to discuss with myself, what actually = want to do in my life. After visiting the Hermitage in St Petersbourg las= saturday (the white nights are magic), i dream of selling art. But to mak= it on a certain level (otherwise it is not interesting), it is only possi=le through having a network. May be I would develop it through selling pre=tigious wine.

What do you think about it?

P.s: please just do not be arrogant with me and we will both enjoy our comm=nication (is it a better term than snobbish?)
