attached 2 screen =hots from ATT microcell website. According to Janusz, MC worked =esterday as he saw MC next to AT&T in the left top corner on his =hone. Today it was not working, so i reactivated microcell again. The =ctivation is in process and the MC should work from 30 to 90 min from =ow. Janusz will test via his phone and when he confirms it is =orking we will ask JE and the girls to restart their phones for =icrocell to connect.

Thank you,
Bella
