1. Did Marie poison the well?
2. This is the last thing we will ask for.
3. Its not fair—6 months on work release any other inmate would receive house arrest.
4. Medical procedures require rest,, I won't do it while in jail
5. SLoman desperately wants to be the Us attny „ he will not make a peep now..
6. Marie probably spun a web of vicious fabrications. She could have spooked them.. tales of 12 year olds etc.
7. The eligiblty requirements for house arrest and work release are the same
8. The public is well aware that I am supposed to go on house arrest. I have paid over 75k to date Three weeks ago, at line up. The 4-12 sargeant gregorio, addresses all the deputies, with Lt. Hebert at her side.. she says Epstein is a child molester, just because he has money, he shouldn't be treated differently than any other child molester,, any of those girls could have been your kid. She says she has proof that I have been giving investment advice to deputiees , and they found account numbers in my cell.. This is totally wrong and merely a vicious fabrication. The deputies at Gun club, were basically told the same thing when it can time to apply for my overtime detail. That is at the root of the change of attitude.
9. The media no longer cares.. Not in this environment . It is Easter
10. There are over 200 people on house arrest,
11. He can tout the program, as a cost saver, for the community
12. I have completed my year sentence , the last 25% would be served on house arrest as per krisher s statement.
13. I am not Madoff
14. I will take an apartment if necessary', so not to be at my house.
15. I will pay for deputies at my house if necessary
16. It would be a personal favor
17. SLoman and the feds have agreed not to take a position, this is what gaguger said he needed
18. Krisher at the justice commission states that the last 25% of the sentence should be served on house arrest.

From the Justice Commission hearing 08

Mr. Johnson stated that he thought that PBSO had the discretion unless the court has a standing order against it to place sentenced inmates on house arrest. Ms. Haughwout stated that they are doing some of this. She also stated that the criteria for this program that the Sheriff's office uses are understandably specific. Such as if an individual has a prior, they will not qualify for the program even though their current charge is for a lesser crime. Mr. Krischer said that in the past, discussion had taken place for the last quarter of an individuals' sentence would be fulfilled under house arrest if there is no irresponsible behavior .He stated that this could be an option for consideration again.

Chairman Duncan asked Sgt. Lawrence to explain the guidelines for the program. Sgt. Lawrence stated that the criteria are stringent. His unit is able to place someone in the program without judicial intervention by a Standing Order unless it is specified at sentencing otherwise. Often, the criteria for the terms of the program are the prior crimes and they look at criminal history. Even if the charge at the time is not significant, they look at what they have done in the past. Once it is a court order then they will abide by that order.

Chairman Duncan stated that he agreed with Mr. Krischer to charge a sub-committee with looking at the details of expanding the house arrest program.
