Hallo All!

I wish you al= an amazing new year!

I went to [REDACTED] and will never do so again in the winter. It's cold.

My new years eve turned out to be a disappointing: Someone I thought was a =ne of my best girlfriends completely bailed on me so I spent new years eve=alone in a hotel room in [REDACTED]. She kept saying she was on her way, but ne=er showed up. (No, nothing happened to her.) Very nasty behavior.

After having experienced normalcy in [REDACTED] all the incompetence in the [REDACTED] drives me crazy. It starts at the airport with cab-drivers who can't s=eak English let alone find your destination. Then again, what can you expe=t from someone who makes \$150 / month?

I finally watched Sex & the City 2. I want to make a few comments so pe=ple are not misled:

1. Butlers (and others who are not Westerners) do not get to go to their ho=e countries every 3 months. It's 1-2 months every 2 yrs.
2. Non-westerners do not speak English (sometimes not even Westerns speak E=GLISH, such as th Irish...).
3. It was not shot in Abu Dhabi, but in dirty Morocco.

Attached a picture of how it looked on=the [REDACTED]. It's ghosttown-like to drive all al=ne on a 5-lane highway.

Do tell me a story about when you had a crap friend bail on you!

Cheers!
