**Subject:** running out of time here but i think this takes care of many things with the best bang for the buck\*  
**Attachments:** Shopping Cart \_ Tekserve.pdf; Untitled attachment 00075.htm

\*please note asante switches are out of stock for 20 days .... =-link is a fine choice it is what we are using @ 71st and they just =eleased a new model almost identical to the =sante.

below covers allot of =ases.

it removes the \$7,000+ server =onfig

and the \$5000 imac with just the =onitor

so I know \$5,000 + is the most to =ate but I am still not even at 50% of the 20,000 =erbal

please review and if possible lets green =ite this today

I am very confident all =hese items will have a positive impact on your bottom line and =roductivity long term, but most importantly it gives me the tool to =uide my self and the team to KEEP YOU FIRST AT ALL =IMES

let me =now

I may need to delay the sue rebuild =y a day it is causing issues

thank =ou

Scott

ps  
=div>

if you wish I could come by and have a meeting about =his list, Nick your audio guys is out of country so some of the items =re for that as well.

thanks again =effrey

scott
