Subject: letter from julian hersch on soffritti cello

<<Soffritti documents1.pdf>> <<soffritti documents.pdf>> Lesley ---here is letter and documents I referred to in last correspondence . Julian Hersch will be in NY from Feb. 3rd -6th 2011 and would be happy to see cello then and write appraisal at that time . Please forward info on to JE and ask him if he might give me a call so this can be completed .
Thanks W

Dear Eric,

Regarding the Ettore Soffritti cello I do remember seeing the instrument. It is an excellent example of the maker's work and based on my memory of the instrument and the current marketplace I think an appropriate value for insurance purposes would be \$200,000. However before I would be willing to write a formal insurance appraisal I would need to see the instrument again.

Best regards,
Julian Hersh
