Please review – the only additional changes are that I am going to add=that GM did not introduce Andrew to you – this is with a view to getting the legal papers, which I have to get by law in UK within 7 days, that =he paper claims to have seen Question – who is MJ or what is this that is referenced here? When did this come out – was this around the same time as Rothstein or what info can you supply me with. I have not seen that before nor was aware of it.=/SPAN>
