Gary,

More refined drawings attached. Please note, I dropped in a preliminary layout for the electrical outlets – for convenience outlets only. You need to add any outlets necessary for specific equipment (like the kitchen and laundry equipment). We also need a furniture and equipment (TV/Audio) layout for the main room, before we set those outlets.

Gary,

We are still laying out the interior elevations, and will have them more complete late tomorrow. But here is a progress. You can print each sheet at 24x36 for 1/4" scale, EXCEPT "rc-pool", which you need to print at 11x17 for 1/4" scale.
