JE,

The good news: They let me come home yesterday, a day early after =urgery I, the more dangerous of the two. I am told it was successful. =hey operated through my throat to get to the cervical spine area where =he nerves to my arms are being damaged as the run through to my =houlders. Swallowing is awkward, my voice sounds weird, and I am =asically resting.

The bad news: the surgeon, as planned, wants me back surgery II, going =hrough the back to relieve spinal stenosis, and arthritis. Less =roblematic, but more painful.

In all, an unfun experience.

Cheers!

JB

p.s. Thanks for your thoughts. Will call when I feel better.=?xml version=.0" encoding=TF-8"?> <!DOCTYPE plist PUBLIC "-//Apple//DTD PLIST 1.0//EN" "http://www.apple.com/DTDs/PropertyList-1.0.dtd">
