Jeffrey,

Yesterday I sent you some flagpole pool images with questions.=nbsp; Have you had a chance to review them yet?

Attached are three version of the main residence.</=pan>

&nbs=; Option 1:

- o Same as last version with symmetrical stairs.
- o Added "portal" based on Gary's sketch.
- o Added elevations to show matching roof heights.

&nbs; Option 2A:

- o Landscaped version of=terraces, less formal, offset.

&nbs; Option 2B:

- o Similar to 2A, with some walls

&nbs; Option 3:

- o Similar to 2A, with narrower terraces.

Please send us your comments. What time do you want to speak tomorrow?

Rob,

This looks like a good seminar. =an we get approval to send Jeff Becker? Looks like it is registratio= + a day's time.

Jeff, how is putting this on – w=at do we need to be a member of to save cost?

- \* : 5.0 HSW/ADA + fulfils CA license renewal <<http://aialosangeles.org/events.rss>>
- \* Fees: \$125 AIA Mem=ers or \$185 Non-Members
- \* Capacity: limited =o the first 45 registrants
- \* Course Description= This course examines major scoping requirements found in the 2010 ADA and=the 2010 CBC. The session starts with a discussion of what you need to kno= about the 2010 ADA and the relationship to the requirements in Chapters 11A, 11B and 11C of the CBC. Next, an over=iew of key scoping requirements pertaining to new buildings will be provid=d. The focus will be on occupancy-specific features needed in assembly, bu=iness, mercantile, retail, and transient lodging spaces. Finally, accessibility for existing buildings wi=l be explored in the context of upgrade triggers and key exceptions that c=n have a major impact on design scope. This course will include interactiv= learning activities, and mini-case studies as an integral part of the morning and afternoon sessions. =o:p>
- \* Instructor: Nate Wittasek, PE, LEED AP, Arup - Nate Wittasek of ARUP has engaged in=accessibility codes consulting for over a decade. Using a foundation based=on his in-depth understanding of fire and life safety requirements from th= building code, Nate has sought to develop a holistic approach to codes consulting, wherein

themes associated with life safety and accessibility are interwoven. Combining real-life examples and graphical depictions to enhance understanding, Nate brings over 15 years of current practical experience to the classroom. Nate is an instructor at the UCLA Extension, and an adjunct at the College of Environmental Design at Cal Poly Pomona, where he has taught accessibility for over five years.

Please let me know if it is possible so I can sign up.<=p>

Thanks,</=:p>
