Jeffrey,

Here are some images from the model we reviewed today. I have someone making the adjustments, and will send you more images=tomorrow:

- \* Raise floor of living room in this version 3'.
- \* Raise floor of living room 3' and shift building west, c=ntered on the pool (stair tucks into planter).
- \* Raise floor of living room 3' and shift building east, t= end of pool deck (as a starter; may not need to move that far).

Thanks,  
Warwick
