You were not being ignored, I simply got too overloaded this past week. I have been doing a lot of flying, and this show I'm doing is taking much more of my time than we had agreed to.

From the moment I wake up until night they have cameras in my face...

I had expected to do much less since I have a co-host, and I figured they would shot him part of the time. They got around that by having many crews.

I'm in Maui right now, I head back to LA Sunday night. [REDACTED] you can call me pretty much any time right now.
