hi jeffrey,

..so i did this sample on the concrete building b=t i didnt finish the sample.. i have to do details...like top and bottom o=  
the columns, that trim between roof and wall..

maybe the inside of t=e columns (the thickness of the wall) i should do it wider.. what do you t=ink?

and what do think about the gray inside columns? if we do =hat red i think would be very bold.. being far on the water  
you would see =irst this buildings..
