Another thing I forgot to tell! It is unpleasant to remember, but sometimes=it's necessary.. ^{ I was treated yesterday teeth on one side. 3 hou=s! Nothing too serious, only 2 fillings, but I was pricked 3 times a shot =n the cheek and I felt his action only the first time.

there was a funny nurse, she pierced all ears and all body. And even TH=RE! Pussy - three times! She is crasy.
