attached is marketing material on delta private jets the problem i am having with international travel is that other than marquis jet (which is the most expensive program) no other companies do stand alone charter within europe

i was informed that unless delta originates or ends flight in US they cannot do stand alone charter overseas  
he used the term Airline Cabotage  
[www.wikipedia.org/wiki/Cabotage](http://www.wikipedia.org/wiki/Cabotage)

Delta private jets will not charter the stand alone overseas flight (BERLIN to PARIS) unless you join the program

i will get firm numbers soon however i was told traveling time was 1 hour and 20 minutes and cost should be approximately \$10,000. also note this will be billed separately and cannot be deducted from your initial purchase.

i confirmed that you will receive a 4% discount using your centurion card along with a lot of other delta benefits (see attached)  
the hourly cost per hour for hawker 400xp varies based on your initial purchase

DOMESTIC - US to any territory within 25 miles of US

- a) 200k = 4,750 per hour
- b) 100k = 4,950 per hour
- c) 50k = 5,250 per hour

INTERNATIONAL - US to any territory more than 225 miles of the US (USVI would fall into this category)

above rates plus \$1000 per hour

please advise

Mr. Kahn,

I appreciate your time on the phone. I have attached information about the jet card program we discussed. I have also attached a sample of what aircraft you can expect in each category. I will also be shopping prices for the Berlin to Paris trip this week. As mentioned your employer is eligible for a 4% discount on any amount spent as a Centurion card holder. If you want a \$200K card you would be charged \$192K but the beginning balance will be \$200K. Please do not hesitate to contact me with any questions or if you would like to review an Agreement.

Thanks again!
