Just to keep you =pdated

The TV will be delivered this week so =ill will do the job this week.

One point i =ant to make clear :

You gave me you agreement =n the master bedroom only.

What do we do =or the office. I know the crestron is dead too. Do you want to wait for =he bedroom to be finished to discuss about =hat.

Do you want me to make an estimate for =he office too ? If yes, what to we do ? Only change the crestron to =ontrol the old equipement ? Do we change the projector for a big tv too =

Please let me know, because if i also need to =rder a tv for the office, we need to see together how you to place =t.

Best =egards

Philippe
