I wouldn't lie to you. That really is what's happenning.

For the brother he didn't tell me that but i guessed that because the uncle is also the defense one he has to go through him to have permission that's why he is a little hesitant ( I GUESS).

I also STRONGLY guess that they are waiting for you to propose something or something you want to do there.

I also honestly would rather go back home with one of your ideas...
