I shouldn't have stayed. You are far more important to me than any of that. A=d even though you told me to stay I should have know it was a complete risk= It would have been one thing just myself but I needed to organize ████ a=d ████ brother.

Steves house is in the middle of nowhere. Uber can't even locate it so they=can't pick us up. Traffic into the city was terrible and took an hour longe= than anticipated.

It was stupid and not worth the risk of causing you stress. In future I don'= care who wants me where, if you need me for something I will be at home t= do it properly.
