Exit Euro Crisis Panel : Global Conf Call Update – Part =

Post-Greek election implicat=ons...

Join us for an important discussi=n on the global implications of the Greek election results. The Eurozone=crisis is a complex and has global implications, and best analyzed u=ing the view from across markets. For US equity investors, however= we recommend adding risk on Monday, regardless outcome. Why? =0A

(i) if ND gains, this redu=es the conditional risk of a Greek exit greatly and thus, positive for ris=y assets and
