..i made some design using JE.&n=sp; in the first picture there are four tiles but inside of each tile is=JE the image in the mirror..left right up down.., then if we put together= we get the design (the second picture). we could do the writing with gold=leaf or another color and then inside the letters we can fill with other c=lor something.. like i did in the right corner up(the second picture) &=bsp; i checked for turkish tiles but they are very complicated and it wo=ld take forever to do even one tile..

another idea (you mentio=ed once about leather..) ..maybe some leather like you have in the dinning=room in new york, with gold leaf on top.., then put some color and wip= it off and you get only the design with gold leaf...i did some samples on=e in the dinning room...  
what do you think?

in the first three pictures the background blue looks real. i wanted in the end to put some transparent light color on top of blue=and letters to be in the same family with the entire room. are you=thinking to a different blue?

=0A=0A=0A=.....

the forth and fifth picture i made =he letters smaller. ( "a"- four rows, "b" - five rows )

.....=.....

the last picture: maybe you can print it =nd draw the letters and then send it back to me so i can see how would you=like the letters..
