Mr. Epstein:

Please see the attached schematic plans for the expansion of the library room. I would greatly appreciate your feedback on these options. Based on your last comments, I have updated the drawings to illustrate the following:

1. Location of bikes.
2. Path from bikes to kitchen.
3. Screening of bikes from pool.
4. Expanded window in library.

We are currently doing an elevation study and will have an image for you to review next week. Please feel free to email or call me with any questions or concerns.

Regards,
