Left you vmail I will ring again after your =eeting.

Somewhat confused.

He agreed to us being founding =ponsor when we talked after round 1

He suggested that we take a =ommission off what we sell he put out 10% I put in agreement 15% =nbsp;I also said that if the event made a profit that we would like a % =f the profit based on our contribution so if the event cost 900K =nd we put in 300K we would get 30% of the profit. I asked for 15% =ommission on Apps we sell, he's doing something like this with IDG as =ell.

Looking forward to speaking with you and getting your =dvice.

I =ill forward you the =agreement.
