Dear Jeffrey,

Sorry it has taken a few days for me to get back to you. I am attaching a TOR for the expert we need.

Can I also ask you for some advice. My finance minister is trying to borrow about 300 million in the open debt market. He says the best he can get is at 6 percent. Currently we are selling 3 month T Bills to commercial banks here at 7 percent. Do you think it makes better sense for us to go for international borrowing as he suggests.

Due to budget difficulties, we are also putting up a few islands for lease for up to 50 years. Let me know in case you or any others are interested. Most people develop luxury resorts but few are now building luxury houses.

Thanks
Waheed
