I spoke with Herb and after he =ad discussions with Chartis, our insurance carrier, he was only able to =lminate from the policy both the mechanical and generator =uildings.

This would decrease the annual premium from 325,000 to =15,234. He was unable to pick and choose other buildings to =nsure or not insure.

We would still want to add a few of new =tructures (5 palms, new cottage, etc) which i estimate to cost =pproximately 15,000 (approximately 1.5% of value).

Please =dvise on how to proceed.
