Subject: CICI identifier- pursuant to Dodd-Frank

The CFTC (Commodity Futures Trading Commission) =elected "DTCC" and "Swift" to assign these numbers. The web portal for =pplying is www.ciciutility.org . On this =eb site is a database of all entities who have registered for the "CICI =dentifer". The database shows the name, address, entity form and CICI =dentifer for each registered entity.

JP Morgan is requesting =hat we provide a CICI identifier for FTC by December =,2012.

The registration fee is \$200 per entity. A \$100 yearly =aintenance fee will also be =harged.

May I apply for a CICI identifier for FTC to provide to JP =organ.

thanks

Harry
