I was awaiting approval of mockup before =roceeding with forwarding pricing
Please =nderstand, the design has got bigger, closer to the house, shallow =lanter beds due to change in wall
heights

This in =urn this effects irrigation design and plant material =uantities
Once I have confirmation of =smaller walls I should be able to get estimated costs to you fairly =uickly
Maybe we should be looking at a =ifferent style of wall
Making the walls smaller =as made them more labor intensive.
Let know when =ou have time to discuss
Thx
