Hi,

Are you asking why the new S-Co=p. is called "Narrow" Inc. and not "Narrows =80 Inc.? As you will recall, the name Narrows Inc. was not available=because it conflicted with another company called Narrows Limited. N=rrow Inc. (no "S") apparently did not conflict and was ava=lable.

Hi Ada. Hope yo= had a good weekend. We have been passing drafts back and forth inte=nally over the last several days. The quantum of material is signifi=ant and taking longer to synthesize in a way that is helpful to the objective.   It's 14 pages currently with two s=parate tax memos.   At this point, I think mid day tomorrow =A0for the complete draft is where we are. Thanks and have a good nig=t.
