First Second and Third , you do not know how to negotia=e. i told you this repeatedly, then you say yes, and sen= me an email stating you are negotiating. you started ou= at 500 plus million. . then were offffered 30. , you said you owned =he spectrum, but bill called me to tell me no. then you said t=ey would come back at 150 -200 for only the spectrum they came back =t 35. . this is a great deal for you. you are getting fu=ked and though you see no google lawsuit , it would be the only way =ro them to stop facebook. . or slow them down. . I suggg=sted day one that google was your best buyer, but woudl only pay a co and =ot you. you should get others to bid as only leverage. &n=sp; you told me qualcommmw was in for 500. I told you i doubt it, you =old me emphatically you were only the plane with paul adn they are in.&nbs=; one telephone call later and they are out. .

I suggest you continue to work=at googel and put off the negotiations for a month . to recoup some =f your lost momentum. tell them you are focusing on important =ssues, for them and need time to think as you really want to do the =eal with them but have yet to figure a fair deal , but are confidnet that =ou will.

I don't see a Google lawsuit on the horizon – unle=s I used the limited pieces they did (which I wouldn't without per=ission).

if I immediately went over and did this inside Facebook I would=create an enemy. I have no interest in creating enemies. Not saying this i= on the horizon, but if Facebook took the spectrum, but not me, then it is=unlikely I would create an enemy.

&nbs=;

If there was a non-Facebook invest=or I could go build the system and it would be simple. Google would likely=participate.

I do want to build this company (provided I have ownership/pside and the normal controls that come with that), I know exactly how to =o it.

Spell it out for me though. Wha= do you suggest?

Want to come to the O3b launch July 10? It is=two hours from you in French Guyana. Fly in for the day and be my guest.</=pan>

I don't have a side . I can easily buy it. =ou will need to structure your side. - either way .- little value gi=en by anyone to spectrum in an outright purchase without it being op=rational. .and subject to a google lawsuit. - your valuations =all included operational spectrum. not conditional. = you prefer to do things your way, and ignoring my best advice. = negotiating for yourself. from a postion of strength to being=seen as an extortionist. , not sure how to hit you in the head.
