Earlier this month, scientists from Caltech, MIT and=the LIGO Scientific Collaboration announced they recorded the first direc= evidence of gravitational waves that Albert Einstein predicted 100 years=ago. The Albert Einstein Archives at The Hebrew University of Jerusa=em made a rare display of original documents related to Einstein's=prediction of the existence of gravitational waves.

Among the documents on display at the Albert Einstein Archives was a page=2C in Einstein's own handwriting, from the General Theory of Rela=ivity.
