Jeffrey,=/o:p>

</=:p>

By modifying the ledges up front for the four (4) single seats, we will gain 2" of aisle for a total aisle clearance of 7.00".

</=:p>

Your GIIb is 17.75" - so we are only .75" less aisle clearance!

</=:p>

Although there is room to have 2 cup holders at each seat position, when we move and rotate the Master Control Panel at your seat, we would lose one of the cup holders.

</=:p>

The attached drawing illustrates YOUR seat (R/H #2).

</=:p>

Can we move forward with the modification to the fwd ledges?

</=:p>

</=:p>

</=:p>

</=:p>
