=div class="gmail_default" style="font-size:small">for your considerati=n

the exist design is 21=.8" square, situated 38' from the existing new Planter Bed</=iv>

propose shrinking the outl=ne slightly to 180', and moving it south 60', see attached sketch<=div>

this would place the desi=n on flatter ground, making the NE corner Grade Stake approx 6'5"= which would require less rocks and back fill.

would you be ok with this?

regards Brice
