Dear Jeffrey,

How are you?

I received final invoice on your windows, they are cheaper and much much better then Windoff were you wanted to order.

Owner of this company is the person i know and i know the job and appartments he have done in Paris, amazing quality and normal prices.

They did an invoice on all 9 windows, which Valdson showed us.

In next email you will received separate invoice on painting and reconstruction (its also the same owner, they did appartments to a lot of celebrities in france and have experience working with not ordinary simple appartments)

kisses
