Dear Mrs. deJongh,

As a recent graduate in the class of 2015 from the North Carolina A&T State University, I want to extend my heartfelt and sincerest gratitude to you and the scholarship committee at the (Financial Trust Company). It is through your financial assistance and support that I was able to successfully complete my undergraduate academic career in the field of Computer Engineering at the top of my graduating class. I can attest that having the potential to succeed is just half the battle as having the support from all areas is the other half. Throughout my college career I have seen colleagues fail and falter due to a lack of support that I realized was what kept me going. So again I thank you and your team for your unending support over the years as I strove to complete my degree and make you all proud. I will continue to strive for greatness and in turn be a support to others when possible as I've understood its true worth and value.

Thank You,
