*Invitation*

*Dear*

---

*You are cordially invited to attend the Tenth Annual  
Swedish-American Life Science Summit  
in Stockholm, Sweden  
August 20-22, 2014*

Dear Friends,

It is with great pleasure we welcome you to Stockholm for the 10th Anniversary of the Swedish-American Life Science Summit. What began as a forum for American investors to invest in Swedish Life Science Companies has become a truly international meeting, reflecting the general trend in the industry and our increasingly globalized world. The Summit has hosted speakers from a wide range of countries, discussing public health issues, financial and innovation challenges of pharmaceutical companies, healthcare delivery systems and alternative financing for Life Sciences Startups, to name a few topics. The aim of SALSS is indeed to deal with the whole value chain, starting with ways to foster innovation, turning that innovation into a viable business idea, and finally, reaching commercial success.

SALSS serves not only as a think tank for the industry, but as the *Institutional Investor* pointed out, has put Stockholm on the map as the new business hub for Life Science. At the same time, we have witnessed the exit of one Swedish pharmaceutical giant, with another one that might soon leave its origins. In this environment, we are proud to promote small and medium sized companies with cutting edge technologies, hoping that some of them will become the next Astra or Pharmacia.

The theme of this year's Summit is the Future of Medicine. Topics will include increasing health span, disease management, healthcare outcomes measurement, adaptive licensing and financing models for the industry. Nobel Laureate Dr. Peter Agre will address transcending the disciplines as a way of enhancing research and Professor Robert Langer will give his view on successfully starting and expanding biotech business, having started numerous companies himself. Swedish MPA Director General Dr. Christina Åkerman will guide us through the Swedish approach to Adaptive Licensing – the timely access for patients to new medicines still in development.

The 2014 Summit will begin at the beautiful Tessin Palace in the old town of Stockholm. In a way, this is like a homecoming for us - 10 years ago we were there for the first Summit, and now we are back, thanks to our generous Host, Stockholm County Governor Ms. Chris Heister. With brilliant speakers and our prominent audience, SALSS 2014 will investigate what the future might hold, at the same time celebrating a decade of successful Summits.

So, this time we say Welcome Back to our SALSS Family and a Warm Welcome to our new friends. I am very much looking forward to seeing you in Stockholm in August.

Warmest Regards,

# Highlights from the Program

EVENING OF AUGUST 20, 2014

---

Welcoming Reception at the Tessin Palace, Stockholm  
Hosted by Stockholm County Governor MS. CHRIS HEISTER

AUGUST 21, 2014

---

Select Speakers at EY Headquarters

NOBEL LAUREATE DR. PETER C. AGRE

*Professor, Johns Hopkins University*

DR. HANS WIGZELL

*Professor Emeritus, Karolinska Institutet*

MR. FREDERICK FRANK

*Legendary Biotech Investment Banker*

DR. ROBERT LANGER

*Professor, David H. Koch Institute, MIT*

DR. ALAN I. LESHNER

*CEO, American Association for the Advancement of Science*

DR. DANIEL KRAFT

*Medicine & Neuroscience Chair, Singularity University*

DR. WILLIAM A. HASELTINE

*Founder & Chairman, ACCESS Health International*

DR. CHRISTINA ÅKERMAN

*Director General, Läkemedelsverket*

DR. JAN M. LUNDBERG

*President, Lilly Research Laboratories & EVP, Science & Technology, Eli Lilly*

DR. PRANELA RAMESHWAR

*Professor, New Jersey Medical School*

DR. JOHANNA ADAMI

*Director & Head of Health Division, VINNOVA*

Dinner Cruise on M/S Riddarholmen

AUGUST 22, 2014

---

Select Speakers at NASDAQ OMX Stockholm

DR. JAY D. KEASLING

*Professor, UC Berkeley & CEO, Joint BioEnergy Institute*

MR. PAUL J. SEKHRI

*Sr. Vice President, Sanofi*

DR. MARTIN INGVAR

*Chairman, Swedish Research Council for Health, Working Life and Welfare*

MR. ANDREW HESSEL

*Distinguished Researcher, Autodesk*

DR. MATHIAS UHLÉN

*Center Director, SciLifeLab*

DR. BRIAN K. KENNEDY

*CEO, Buck Institute for Aging*

DR. STEFAN LARSSON

*Sr. Partner & Managing Director, Boston Consulting Group*

DR. FLORENCE HASELTINE

*Founder, Society for Women's Health Research*
