Mr. Kahn:

We appreciate your patience with this; the confluence of the end of our SVI project and the holiday interruption (Thanksgiving in the US) have taken their toll on our available resources

We will have the report to you on Thursday the 4th

Please feel free to contact me directly should you have any questions

Chip arris

Good morning Richard,

Friday's visit went well. We were able to =ocument all needed plant data and its current overall condition. =ichael will include the condition of the SW intake piping and SW intake =ump system as well as the RO plant for review.

We are completing a new installation this =eek on St. Thomas, so Michael will not be able to work on his report =ntil after this job is completed. He committed to having the completed =ngineering report to you the first week of December.

Regards,

Patrick Adams
