Lesley,

P=ease see attached the Daily Portfolio Report for 4/24. Have a great day!

Over the past few months, we've seen minimal true thematic cha=ges in portfolio exposures (ex-biotech/healthcare monetization), and as suc= our Daily Portfolio Reports may appear somewhat anti climatic. We wa=ted to provide some context versus previous time. Attached is the large MTM=gains and exposures by position as of 5/15/13 compared to today. Of the cur=ent large 45 winners, 38 were not there in 5/15/13. This is why "casting a b=oad net" we find to be ideal.
