As you know, Roger Waters is the co-founder and primary songwriter of Pi=k Floyd.

His new movie, "Roger Waters The Wall," is written and directed by Waters and Sean Evans and filmed during Waters' sold out 2010-2013 The=Wall Live Tour.

Going well beyond the concert stage, it is a road movie of Waters' recko=ing with the past and a stirring anti-war film about the human cost of con=lict.

Come join Roger as his VIP guest at the world premiere of his cinematic =ebut. The screening begins at 7pm at the Ziegfeld Theater and there is a 9=30pm after party at The Redeye Grill.

Come see rock 'n' roll at its best.

xoxo,

Peggy
