[REDACTED] - orders  
</=iv>

Good afternoon Karyn=,

Please find attached the order and p=ctures for apts [REDACTED]

Since we have quite a f=w items for all apartments, we thought would be best to design (2) complete=models so it would be easier to visualize it. Once you revise the informati=n, we can make other proposals within the same format, if approved, and rec=ive payments for only the finished apartments, instead of keeping items wit=ut knowing what is going to be selected for each unit.</=>

Also we are holding a very large quantity of items in stoc=, and our manager is asking for a deposit based in the whole amount of the f=rniture for the apartments, otherwise we will have to release the items wit=in 48 hours.

Please, let us know.
