Subject: Sultan

He is being brought up and out of the anesthesia now. He is still on a mechanical ventilator but son Abdullah was there when he opened his eyes and when Sultan was asked to confirm whether he understood the current situation he "blinked" yes.

Doctors are extremely happy with his vital signs. My impression is that he will come off the mechanical ventilator by Monday if not sooner. He has a

I am now in Coronado and will be back in Hamburg on Tuesday night for the duration of his recovery date-last-viewed 0 date-received 1419714551 flags 8590195713 gmail-label-ids 7 remote-id 467214
