Dear Dr. Kutnick,

Swelling in the legs/and lower extremities has not improved, and is =possibly worse. I am scheduled for 8:30am phlebotomy at Lenox Hill =omorrow which I am planning on doing. OK?

My wife, Katinka Matson, talked to Eric Topol, MD who has some ideas, =ne of which is that I should be in the hospital as of tomorrow. He's =illing to talk to you in this regard.

Kutnick says he can't get me into hospital other than going to =emergency room at Lenox Hill. I would rather be at better place. Topol =completely disagrees with his treatment. Below I am attaching test =results. Ready for Rony Shimony.
